

**1. What does your name mean?**

My name is Umbra. Umbra is also known as a ghost, which sums me up pretty well.

**2. Who named you?**

I'm not sure I lost my parents when I was 2 years and 7 months old, but they were the only family I had so it was likely them.

**3. How did your parents die?**

They died fighting and protecting this Kingdom, paying with their lives to keep me safe. That is why I will get revenge for them and many others by killing King Hason.

**4. Why are you obsessed with getting revenge?**

If I don't get revenge for those who have been wronged then Hason will continue his unjust practices making orphans out of even more innocent kids. I will get revenge no matter what.

**5. What extent will you go chasing revenge?**

I will kill, seduce, kidnap, torture, and bribe anyone innocent or not to get close to that man. That is how devoted I have become.

**6. Do you have a plan?**

I will befriend the King's simpleton son and use him as my pawn to the King's neck. I will also use my standings in the military and climb to a post closer to the King, gaining his trust.

**7. Why would you work for the same man you want to take down?**

Although I'm hungry for revenge I'm not an idiot. I understand how difficult my task is even with my abilities. I'm not as strong as the King's best men but what I lack in strength I have an abundance of in wit.

**8. What do you mean by abilities?**

My full name is Umbra Nyx and I'm the heir of the Nyx clan. Like many other clans, mine has special abilities. My abilities will allow me to sneak around and defeat enemies that may have an edge over me in strength.

**9. Can you explain your abilities?**

I'm sorry but if I told you that my abilities would lose their effectiveness. I only trust myself after all.

**10. Is there no one else you can trust?**

Anyone who I felt I could trust has either died or let me down. I can go through that again so I keep myself distant, I can't betray myself. Right?

**11. Betray yourself? What do you mean?**

It becomes hard to trust even myself at times when I must keep up an act as a military soldier. Sometimes my judgment becomes clouded, the things they make me do haunt even me at times. But the mission is my priority.

**12. How was your life before all of this?**

I was a very young orphan in a poor part of the Kingdom. While Hason and his council enjoyed luxury we sat in a mud filled hut with rats eating our fingers. I could even say that those damn rats had more to eat than we did at times. Things were very difficult but I was able to find comfort in some friends, but even they slowly died.

**13. Who took care of the children?**

There was a man, Jason was his name. He was no saint to us orphans, he would only keep us to try and make any small amounts of money he could off of us. Many of the

girls were sold off and the boys were forced to work. All while Hason and his military dogs just watched.

**14. What happened to Jason?**

I killed him.

**15. Why did you do that?**

He had decided to sell off a close friend of mine, Nami Hitake. This was when I was roughly 6 year and 7 months old. My powers had finally awoken and I was able to put an end to that bastard.
